

BE PART OF THE WORLD'S LARGEST NETWORK FOR HANDLING AND PROCESSING BULK SOLIDS

What is it?

The SolidsNetwork consists of three websites; SoldsOnline, SolidsForum and SolidsWiki. Each of these websites fulfill a range of unique functions. They are part of a trinity and are intrinsically connected. For example, if you submit your news to us, it will be distributed automatically throughout these websites, social networks, mobile apps, newsletters etc

For enthusiasts

The SolidsNetwork is the preferred online media channel for the industry in the world. Everything you need to know about the handling and processing of dry bulk solids you can find right here. Supply and demand find each other effortlessly. The SolidsNetwork is an independent platform to exchange knowledge and experiences. We bring you the articles and columns from specialists

Finding your customers

Discover the advantages of a targeted article. With SolidsOnline you will reach the right people. Internet can bring groups together in an effective manner. We provide you with proven technologies for you to work with for free. Our websites are designed to be clear and up-to-date, so your message will always jump out.

Four good reasons to advertise with us

1. Dynamic Banners
made possible by Adobe®
Flash.

2. Largest Banners
in the solids industry. Sizes up to
560x280 pixels!

3. Maximum exposure
thanks to clever positioning.

4. Best costs/range ratio.
Less than €0,15 per unique
visitors.

The SolidsNetwork has a high amount of visitors; indeed thousands of professionals like to stay up-to-date. Preferably as fast and simple as possible. Who are these knowledge workers? Primarily highly educated men in the range of 20-50 years old. They hold middle and top management positions or work as a specialist. In fact, they are the ones who decide on the purchase of a new product.

Indeed, your target audience.

Website

The screenshot displays the SolidsForum website interface. At the top, the forum logo and navigation links are visible. The main content area shows a forum thread titled "Uitleg over een agglomerator" (Explanation of an agglomerator). The thread includes a video player with the title "Particle Agglomeration in Microgravity" and a YouTube logo. Below the video, there are social media sharing options and a "Share/Bookmark" section. The thread also features a "Snel reactie plaatsen" (Quickly post a reaction) section with checkboxes for "Handelwijzing", "Emoticons uitschakelen", "Discussie sluiten", and "Belangrijke discussie". At the bottom, there are options for "Directe berichtstuurder" and "Moderatoropties".

SolidsWiki

Website

The screenshot shows the SolidsWiki website interface. At the top left is the SolidsWiki logo and navigation links: 'Hoofdpagina', 'Categorieën', 'BulkNetwerk', and 'Hulpmiddelen'. The main content area is titled 'Agglomeratoren' and includes a search bar, a 'Pagina Overleg' tab, and links for 'Lezen', 'Brontekst bekijken', and 'Geschiedenis bekijken'. A 'STAES.COM' logo is prominently displayed in the header. Below the logo is a large image of an industrial agglomeration machine. A text box below the image reads: 'Agglomeratie: Een proces waarbij kleinere deeltjes samen worden gevoegd om een grotere massa te vormen.' Below this is a YouTube video player showing a close-up of the machine's output. At the bottom left of the page, there is a vertical advertisement for 'TANKS' with the text 'KLIK HIER VOOR ONZE VOORRAAD'.
